

HORNSILVER IS READY ENLARGE MINE OPERATION

Orleans Hornsilver Mining Company Released as Defendant in Case Pending

In the federal district court at Carson last Friday Judge Farrington, by agreement between counsel, dismissed the Orleans Hornsilver Mining company as party to the suit entitled Terwilliger vs. Dunfee and the Orleans Hornsilver Mining company from litigation and changes the position of A. I. D'Arcy, its president, from a defendant, to a witness for Dunfee.

The suit was brought by Terwilliger, claiming a half interest in the sale of the Orleans Hornsilver property by Dunfee, which he sold about a year ago for \$200,000. Since the purchase of the Orleans by A. I. D'Arcy he has opened up a big body of ore, but the mine being made a party to the suit, he suspended all operations until the settlement of the case, as it cast a cloud on the title. It also stopped all development work in the district as other companies failed to raise capital while the big company of the district was closed down.

A. I. D'Arcy stated after the ruling that just as soon as he was relieved as a witness for Dunfee he would begin operations on the Orleans and push work to make up for lost time. The dismissal of the Orleans Hornsilver from the suit also clears the way for the beginning of operations on the old Great Western, which was taken over by Charles A. Stoneham and company of New York City. In fact it clears all incorporated companies in the Hornsilver camp and opens the camp.

GOLDEN EAGLE LEASE SHOWING FINE BODY ORE

Canadian Leasing Company Is Now Ready to Proceed With Winter Operations

The lease on the Golden Eagle claim at Royston, operated by the Canadian Leasing company, continues to make a splendid showing, and it is evident that a substantial production will continue in order for a long period. W. E. Edwards, who is in charge of operations, has succeeded in picking up the faulted segment of the vein and a body of ore having a width of from three to five feet is exposed in the north drift from the bottom of the 574 foot incline shaft, that will mill close to \$100 per ton.

Since the Canadian Leasing company took over this lease, which was formerly known as the Betts, two shipments have been made, and a production of close to \$6000 has resulted. The showing is better at present than at any time since operations were started an dthe outlook is most promising for a good earning resulting during the winter months. During the past two weeks, the housing facilities have been improved and the camp made ready for the cold days that are about to put in their appearance but development and ore extraction is promised throughout the winter months.

THE GOOD THEY DO DEPENDS ON YOU ENTIRELY

Christmas Seal Sale of Public Health Association Will Bring Relief

RENO, Dec. 5.—The good they do depends on you. This is the slogan chosen for Christmas seal sale of the Nevada Public Health Association, whose business is to prevent tuberculosis by teaching proper methods of living, particularly to school children.

Children of Nevada schools, with the co-operation of school authorities, are examined by the public health nurse of the association, who weighs them, sees whether teeth, eyes and tonsils are in proper condition and advises with teachers and parents. Martha O. Davis, executive secretary of the association, today had a report from the nurse that 200 children were examined at Fallon had been found to be in remarkably good health, with less than 5 per cent of them being under weight, and but few having any physical defects.

The modern health crusade in which the children are enlisted to become crusaders for the benefit of their health, with marking self-respect on a score card, will be installed in the Fallon schools in January and in as many other Nevada schools during the year as the sale of the seals will cover.

"The seals are our only source of revenue," said Mrs. Davis. "We want every school in Nevada to enlist in the crusade and our message to the public is contained in our slogan 'The good they do depends on you.'"

TOBACCO BUYERS ARE ROBBED IN WESTERN THRACE

Deprived of Money and Jewels While Making Trips From Outside Sections

DEDEAGHATCH, Dec. 5.—American tobacco buyers are being held up and robbed in western Thrace. The latest robbed were R. J. Wortham of Henderson, N. C., who was deprived of money and jewels while traveling from Drama to Kavala, and J. J. Harrington of Rocky Mount, N. C., who was robbed on the road from Seres to Saloniki.

Coal is plentiful; about the only thing in the country is out of now is order.

EDEN CREEK IS NOW DEVELOPING INTO REAL CAMP

Crosscut of Eden Creek Company Will Reach Monster Ledge in Early February

One of the most energetic campaigns of mine development that is being waged in any outside district tributary to Tonopah can be credited to the Eden Creek Mining & Milling company, managed by Mark Bradshaw, the well known engineer. Work has been prosecuted vigorously for the last several months with only a temporary cessation of operations, with the result that the crosscut tunnel has now been extended for 732 feet, and since November 7, last, the bore has been driven 222 feet. One vein has been intersected during the progress of the work that shows a foot of fair grade ore, but no drilling will be performed, as it is desired to forge ahead for the great Eden vein which, according to surveys, should be intersected at a distance of 1285 feet from the portal of the tunnel.

The Eden vein shows a width in the surface of from three and one-half to 12 feet and values averaging around 30 ounces silver have been found to be contained from samples of samples that have been taken at random from along the cropping. With the great depth that will be secured through the tunnel workings, it is the belief of mining men generally that the ore-shoots will be found to be persistent, and that accordingly a real mine is in the making.

The property has been equipped with an up-to-date plant of machinery which is driven by a gasoline engine, and a host of ten men are being employed. Shipments have been taken out to permit of development throughout the winter months, and Manager Bradshaw predicts that the big Eden ledge will be encountered early in February.

When You Bake

—remember the lowest priced Baking Powder is often the most expensive—that baking powder economy cannot be based on purchase price—it's results that count. That's why

CALUMET
The Economy BAKING POWDER

is the biggest selling brand in America. You save when you buy it—you save when you use it.

Use the same Baking Powder that guards the purity of bakings in millions of homes—that retains its unflinching leavening strength to the very last spoonful. The sale of Calumet is over 150% greater than that of any other baking powder.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

THE WORLD'S GREATEST BAKING POWDER

TIMOTHY HEALY NAMED GOVERNOR GENERAL OF IREISH

LONDON, Dec. 5.—The appointment of Timothy Healy as first governor general of the Irish free state is regarded a certainty. It is understood the post was offered him some time ago and final allotment to the veteran champion of Irish autonomy, depended only on his acceptance.

PRINCE ANDREW GETS SENTENCED TO EXILE

LONDON, Dec. 5.—Prince Andrew of Greece, exiled by a military court, and his wife, Princess Alice, are proceeding to Corfu, thence to Brindisi, Italy, aboard the light cruiser Calypso, says a Malta dispatch.

It's toasted. This one extra process gives a rare and delightful quality—impossible to duplicate.
